

Codebook: gallup_analysis.csv

Page 1

This dataset reproduces the Gallup topline multiverse analysis. Each row is an annual Gallup Trends topline observation for one question series.

Variable	Description	Min	Max	Mean	NAs
year	Survey year. Values: 1956–2025.	1956.000	2025.000	2008.178	0
topic	Issue topic used to group related Gallup series. Values: Nine issue topics.				0
gallup_series	Specific Gallup Trends question series. Values: Eighteen Gallup Trends series.				0
series_id	Numeric identifier for Gallup series. Values: 1–18.	1.000	18.000	9.093	0
pct_positive	Percent of respondents giving the positive-coded response. Values: 0–100.	2.500	83.000	36.034	0
lag_pct_positive	Lagged percent positive within Gallup series. Values: 0–100 or missing for first series observation.	2.500	83.000	36.046	18
objective_zscore	Z-scored objective condition measure, oriented so higher values usually indicate more favorable real-world conditions. Values: Standardized within source measure; missing when no objective measure is available.	–2.853	2.961	0.159	56
match_strength	Strength of match between the objective measure and the Gallup question. Values: strong, weak, or missing.				56
party_owns_issue	Party coded as owning the issue. Values: D or R.				0
president_party	Party of the president in that year. Values: D or R.				0
unified_govt	Indicator for unified federal government under the president's party. Values: 0/1.	0.000	1.000	0.385	0
owner_is_president	Indicator that the issue-owning party holds the presidency. Values: 0/1.	0.000	1.000	0.507	0
owner_has_unified	Indicator that the issue-owning party holds unified federal government. Values: 0/1.	0.000	1.000	0.192	0
first_year_term	Indicator for the first year of a presidential administration. Values: 0/1.	0.000	1.000	0.186	0
policy_mood_adjusted	Policy mood z-score adjusted so higher values favor the issue-owning party's position. Values: Continuous z-score.	–2.182	2.182	–0.019	46
pres_approval_net	Annual net presidential approval. Values: Approval minus disapproval.	–35.333	66.571	2.210	0
event_defense_war	Defense war-period event control. Values: 0/1.	0.000	1.000	0.019	0
event_cold_war	Cold War end-period event control. Values: 0/1.	0.000	1.000	0.002	0
event_crime	Crime event-period control. Values: 0/1.	0.000	1.000	0.015	0
event_race_progress	Civil Rights era race-relations event control. Values: 0/1.	0.000	1.000	0.002	0
event_race_police	Race-relations policing event control. Values: 0/1.	0.000	1.000	0.004	0
